

F.I.T.E President visits Tenerife

March 10th 11th, the President of the International Taekwon-do Federation Spain (FITE), Mr. Carlos Martin Requejo, travelled to Tenerife for personal business, but as always he says, the dobok is necessary to take it in all the trips like a part of the luggage.

He took advantage of the occasion to celebrate a Master-class in Santa Cruz, with some of the members of the Sport clubs Bua and Sung, that in spite of the improvised thing of the appointment, went in more than twenty.

In the Master-class, the assistants review the Patterns and Step Sparring, alternating with different competition games, that did amused the class as much for the small ones and adult ones.

Finally after the photography with some of the assistants, Carlos Martín take a few special photos with Adrián Ramirez and Alfredo de Bonis (Jr.) demonstrating that our president once again is in a good state of physical form.

Mr. Diego Bua Garcia, in the name of the Canary Islands Taekwon-do Association (A.T.I.C.), wants to make public his gratefulness to Carlos Martín Requejo, to share his time with us and to have us always present.
